How to search through different files

Use the search bar to type in key phrases (inflections included).

File Search

The screenshot displays the LEGALEEY File Search interface. On the left, there is a 'Filters' sidebar with dropdown menus for 'File name', 'Party', 'People', and 'County', each with an 'Apply' button. Below the filters is an 'Upload Progress' bar showing '24 of 85 Files'. The main area features a 'Search' bar with a dropdown menu and buttons for 'Select Folder', 'Search Option', 'Download Excel', and 'Liability'. A 'Show/Hide Column' dropdown is also present. The search results are displayed in a table with columns: Name, Search Results, Party, Clause Number, Jurisdiction, Governing Law, Execution Date, and Termination Date. The table shows four identical rows of results for 'Amended Certificate of Incorporation VERAZ NETWORKS, INC.pdf'.

Name	Search Results	Party	Clause Number	Jurisdiction	Governing Law	Execution Date	Termination Date
Amended Certificate of Incorporation VERAZ NETWORKS, INC.pdf	Vendor assumes all liability for The liability for Vendors have liabilities for	Veraz Networks Inc	THREE				
Amended Certificate of Incorporation VERAZ NETWORKS, INC.pdf	Vendor assumes all liability for The liability for Vendors have liabilities for	Veraz Networks Inc	THREE				
Amended Certificate of Incorporation VERAZ NETWORKS, INC.pdf	Vendor assumes all liability for The liability for Vendors have liabilities for	Veraz Networks Inc	THREE				
Amended Certificate of Incorporation VERAZ NETWORKS, INC.pdf	Vendor assumes all liability for The liability for Vendors have liabilities for	Veraz Networks Inc	THREE				

Each filter you add triggers a new search to help you further narrow down your searches.

How to upload files

To upload simply drag a document or folder to the box or click the add files button.

Uploading Files

While files are being processed you can check out their progress and make sure all files are successfully uploaded.

Upload

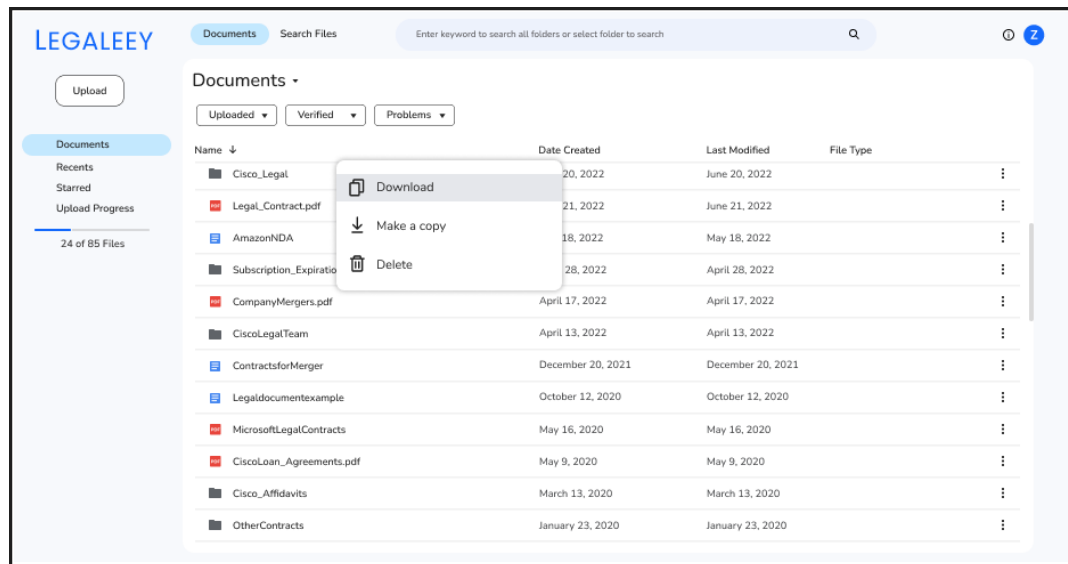

Upload Progress

0 of 0 Files

How to sort through files

Once files are uploaded they can be reorganized or deleted from the platform.

File Managment

Move, copy, and delete files and folders in order to decide what contents you want to be searched through.
